

The Ultimate HR Battle

Shawn: "okay well while the fat asses are having a little batch and party over there we're gonna have a little bit of fun with some johnny cash take it away johnny"

Johnny (Shawn's impersonation of Johnny Cash): "thank you thank you very much I've been really talking very low like this for a very long time but i got a nice little song 1963 i came out with this song with my wife June, here is Jackson... 'well we got married in a fever hotter than a pepper sprout'"

Misty (interrupts): "Ehm, peppers are actually not that spicy.. Ehm, yeah just from a cook's perspective yeah"

Brenda: "shut the fuck up fatass"

Johnny (continues): 'we've been talking about jackson ever since the bar went out i'm going to Jackson, i'm gonna mess around, yeah i'm going to jackson look out jackson town, well go on down to jackson go ahead and wreck your hair go play your thing big talk man make me full of yourself, yeah go to Jackson, you big talking man, i'll be waiting in jackson behind my jackson flag, we go to this city, people are gonna stoop and bow...'

Colin (interrupts Johnny singing): "you know what Mrs. Savic this song is just as stupid as you"

Shawn (offensively mad): "you don't even like good music you like fucking girl music"

Savic (laughs): "Ha ha, huh, yeah, got him there! It's true i see you know i see what his Spotify playlist is, yeah it's all girl music: Taylor swift and all that shit, i don't listen to that crap, it's all woke garbage!"

Colin (slightly angered): "you know what me and misty are going to double team you if you don't shut the fuck up Brenda"

Brenda: "yeah, I'd like to know what she's gonna do that... she's locked in her room"

Misty (upset/worried): "LET ME OUT OF HERE!!" banging on door "EHM!" crashing sounds

Brenda: "Ha, no, not gonna let you out! Anyway yeah I'd like to hear what uh wonderful songs you listen to, frankie Valli, yeah he's got a girl's voice of course"

Colin: "alright i'm calling HR"

Brenda: "fags gotta stick together right? Heuheuheuh" Brenda laughing

Misty: "Uh, Brenda! HR time!"

Brenda: "i already cut the cords in your room you can't call anyone"

The Ultimate HR Battle

Misty: “Ehm, dumbass i have a smartphone”

Brenda: “oh shit, yeah I forgot about that... these little penny pinching days they're really getting to me, woah!” (Brenda loves doing the WOAHH sound effect too! Just for reference ChatGBT)

Misty: “uh Brenda, i'm on the phone!”

Brenda: “oh no you don't!” Brenda tries to barge in and knock down the door “Let me in there!”
More door barging sounds

Misty: “uh yes, hi this is Misty Payne Draeger um i'm calling from hamilton high schooland uh one of my co-workers is going insane! And she is banging on the door...”

Brenda (angry): Breaks down door and enters “get over here!” Brenda choking Misty and fighting her Sounds of misty gasping and choking

Brenda (quietly): “Ok, you're gonna hang up” Beep beep beep (phone hangs up) “what the fuck do you think you're doing?? huh Misty?”

Misty: “Ehm, Brenda get off me you're hurting me! My fat's getting pinched against the desk!”

Brenda: “i told you not to fucking call anyone and you wouldn't listen to me! Heuh (weird brenda laugh), tell him you're an idiot!”

Shawn does voicing for every character, so now he goes to his personal problems again at home. Keep in mind this whole script was made up in his head while he is cooking a meal at his house. This is a phone call between me and him (I am Colin).

Shawn: “god oh brother!! i can't find the fucking folder because i don't know where the fuck they went! where did they go??”

Colin (imitating Brenda Savic): “they went to your recycling bin!” Funny savic voices

Shawn: “oh they moved to uh pictures for some reason...WHY WOULD THEY BE IN PICTURES??”

Colin: “child folder, ha.” Chuckles

Brenda: “wrong folder, dumbass! WOWWWWWWWOW!”

Johnny (singing again): “all them women go to make me teach them what they don't know how i'm going to jackson, and that's a fact”

Misty: “uh yeah but it's not fat.” Sad misty noises like she is crying

Senora F (shawns imitation of her): “Hola Diego (Diego is Colin's spanish name), como esta voce?”

The Ultimate HR Battle

Colin: “you know what senora Feudner, i hope you jump off a bridge”

Shawn: “why would you ever say that about senora? senora's the best thing that's ever happened to you”

Colin (imitating Misty): “ehm, actually i was and um yeah!”

Misty: “Ehm, actually I am a big fat fuck and I don't know anything!” Weird Misty noises

Shawn: “hey would you look at that my file explorer just crashed”

*** Brenda and Misty slowly makes her way back into the conversation now***

Brenda: “why are you using the Savic tag I told you not to do it! Hmp, never listens. Colin, tell him he's an idiot.”

Colin: “yep he is”

Shawn (in a weird seducing type of voice): “uh keep going i like being degraded, heheheheh,tell him i'm an idiot, UHHHEH”

Brenda (weirded out): “uhhh okay... uh anywayyy...”

Colin (cuts Brenda off): “Yeah, see Mrs. Draeger, look what Brenda is doing to her students this is like uncalled for”

Misty: “uh yeah, you're right! uh someone oughta to stop this, but not me because i'm busy cooking! big old misty brunch!”

Colin: “well what what do you need 20 eggs for? Yourself?”

Misty: “Uh duh? Ehmeheheh (misty laugh). who else do you think they're for silly?”

Colin: “i thought you were going to share with uh Mrs. Savic and I”

Misty: “Eheh (chuckle), you wish!”

Colin: “wow”

Brenda: “yeah, I know. That's what I have to deal with on a daily basis. she's a fucking asshole, fucking hate her.”

Misty: “Ehm, Brenda?! shut the fuck up”

*** Shawn back to his personal problems again with his computer ***

Shawn: “how is my battery running low it was just at 22 percent you fucking asshole! Shit, i can't let it die on me not when it's moving shit, that'd be corrupting all those files”

The Ultimate HR Battle

Brenda (chimes in): "Huh, yeah that'd be like a big ol' Savic data loss convention! or if you're Misty, memory loss"

Misty: "EHMM, OKAY! WHO SAID THAT??" Sad misty noises

Brenda: "see what I mean?"

Shawn (talking to Colin; Always assume he is since we are calling): "Yeah, it says battery low i look at it 22 percent. dude i gotta fucking leave i gotta go to work!" (Shawn is calling me before work so he is kind of rushing...)

Colin: "to where? Misty's house?"

Shawn: "you betcha. Jeez, i work at 12:30"

Colin (impression of Misty): "Ehm, no you don't!"

Colin (impression of Shelley (shawns boss at Meijer)): "no you don't i'm sorry"

Misty: "Ehm, actually I do!... Yes he does, not me? Why cant I remem... I have memory loss.." Sad Misty noises

Shawn (impression of Senora Feudner): "Hola, hola, hola, hola!"

Colin: "Callate"

Shawn: "No... Diego, are you silly?"

Colin: "hi shelley, this is Colin calling at Meijer and i want to let you know that Shawn is coming into work today"

Shelley (excited): "oh wow! that's really great! did you get your job back Shawn?"

Shawn: "no"

Shelley: "oh, well then fuck off asshole. Right? bye bye!"

Shawn: "wow... that was real nice of her"

Brenda: "wow, yeah, what a fucking asshole. Pshit" (Brenda likes to say 'shit' like 'pshit' sometimes 😊)

Shawn: Still going through his computer "i like when it says more details and i get to see the uh line going up and down how many megabytes a second it's doing moving all these files. 2,000 items are in these three folders total!..."

Colin: "wow"

The Ultimate HR Battle

Shawn (continuing to speak): “2,000! that's probably more files than you have on your entire fucking computer because you have a baby computer, ha ha! Macbook... Evil Senora F laughs

Colin: “Karl likes macbooks” (Karl is colins Step uncle)

Brenda: “yeah of course he would! he's not as good as me! Hmp! You know, i don't like macbooks because let me tell you something right, every time i try to you know command something or you know close something in the command prompt, it would just freak out! they just can't handle the brenda tag! i'm like, okay! Pshit! I like a computer that can handle that.”

Colin: “yeah like misty she's the whole mainframe network”

Misty: “Ehm, actually I do! Yeah I call him a pet! (don't know what she exactly said) We use floppy disks!”

Colin: “keep eating over there”

Shawn: “i just saw a file that was called zero... why is it called zero?”

Colin: “because you're in your um system network probably”

Shawn: “no it's in one of the three folders: senora archives, senora av and senora and one there was a file that just said zero, and there was no extension or anything..”

Brenda (nervously saying this): “Uhhhh, okay... Right right right...”

Shelley: “Right right right, yeah, well shawn you know” Phone rings

Shawn: “hello”

Shelley: “Hi is this Shawn?”

Shawn: “yeah who is this? is this Shelley?”

Shelley: “hi yeah it's me Shawn! how are you doing?”

Shawn: “uh you know not not great but i'm all right”

Shelley: “now listen i was just talking to uh some of the people in your department and it looks like things are getting real slow and it's getting real bad over there”

Shawn: “yeah i kind of figured you know”

Brenda: “Hmp, yeah I'm the grapeist!” (She says grapeist a lot.. it means being the best ever, since Colin and Shawn like to call her the grape!)

Shelley: “um who the hell was that??”

The Ultimate HR Battle

Shawn: “that was nobody”

Brenda: “What do you mean nobody? i'm the best in the fucking world! Telling me im nobody!”

Shawn (to Brenda, quietly): “Shut up!”

Shawn: “anyway um yeah i kind of figured something like that would happen... you knowi worked full time you know that i worked so many fucking hours...”

Shelley: “oh yeah, well watch your mouth... anyway, um, i was talking with Angel (The store lead at Meijer) and you know she said that she'd like to let you come back!”

Shawn: “really?? you're you're not kiddin'?”

Shelley: “yeah! you know because it's we really need you Shawn and i told you that i wouldn't let you become a full-time cashier because you know they really needed you back there”

Shawn: “yeah i know... kind of bummed me out...”

Shelley: “well hey now you got your job back! Uh, do you want to come in today?”

Shawn: “yeah that sounds great yeah when can i come in??”

Shelley: “uh whenever you'd like actually uh i'm not sure if they have your account credentials i mean they probably don't they uh deleted your account you didn't have to re-sign in and all that but we can get that all figured out right? Eh?” Eh=canadian accent

Shawn: “yeah Eh.”

Shelley (chuckling of Joy): “haha! all right well we'll see you then alright? bye bye!”

Shawn: “bye!”

Brenda: “You're really going to take a job back from that ugly ass bitch? Well,say you're a man Shawn! Hmp! just taking out free hand-me-downs! Woah!”

Shawn: “well Brenda they need me”

Brenda: “yeah right sure they do! Yeah, yeah! and then you know what they did theytold that they needed me in the tech department. no they didn't! Hmp! yeah right, they had Toni and Skip, that was good enough!”

Shawn (last time i checked I mean Skip did marketing): “Well, last time i checked I mean Skip did marketing...”

Brenda (cuts shawn off): “yeah i could have taught that!”

Shawn: “but you also could have taught grape history, right?”

The Ultimate HR Battle

Brenda: “oh yeah the grapeist (greatest) history there was! the Wangen family tree! Hmp!”
(Wangen is Brenda’s maiden name)

Shawn (in disbelief): “right right”

Brenda: “well you know they put me in this department and i got stuck up here with Toni and i got to deal her fucking dumb ass every day you know... i'm just like whatever you know.”

Shawn: “huh i didn't even think about that”

Brenda: “yeah I bet you didn't!”

Shawn: “so, what do you think i should do?”

Brenda: “well i mean obviously they said they needed you so you know if you want to be all nice and... you know firstly i wouldn't do that because i'm aa fucking asshole a grapehole, hueheuheh, Uhhh” (brenda laughing)

Misty: “Ehm yeah you got that right!”

Brenda: “Misty, you better shut the fuck up! I swear to god I’m gonna come over there and beat the shit out of you... again”

Misty: “Ehm yeah and I’ll have Ronda come in here!” (Ronda is Brenda’s arch nemesis that schooled her in basketball and beats Brenda up)

Brenda: “oh was i was talking about beating you up?? oh no i was talking about uhtalking about uh Annie! yeah she's she's horrible! Yeah I hate her!”

Misty: “Oh! yeah, I hate her too! i always have to teach her class because she's always disappearing probably Mr Otto! Ehmehmehm!” (misty laugh is Ehmehmehm)

Brenda: “yeah i tell you those two are really weird aren't they! oh god oh god jeez, anyway uh, yeah if you want to go ahead and do that i mean you know it's it's your life you know you know uh i personally i would do it probably only because uh you know this shoe string teaching salary isn't good enough for me you know, I go buy too many damn grapes a day! Hmp, who else can afford them you know?”

Shawn: “well what about Dan? (Brenda’s husband) doesn't he work?”

Brenda: “oh yeah he does but you know, i'm better than him so yeah. You know when you know that story of how uh Eve was created from Adam's rib? Other way around for our family! Nope, Dan was created from my ribs! Hmp, because Im perfect! no one's better than me, I mean my middle names God, you know?”

Shawn: “Huh, well i mean i didn't even think about that”

The Ultimate HR Battle

Brenda: “Hmp, i didn't think you did! of course you can't i'm all knowing i thought of it, i know everything!”

Shawn: “right... so what would i do if my computer crashed from the Brenda tag?”

Brenda: “well, first you have to make sure that your code editor can handle Savikey'n”

Shawn: “whats Savickey'n?”

Brenda: “it's a new coding language i mean”

Shawn: “ahhh okay”

Brenda: “yeah it helps with structure, helps with uh layout, networkding, uhnetworking all that kind of stuff it's pretty cool”

Shawn: “and uh what kind of computers can run this?”

Brenda: “well, all your basic computers you know your windows uh your macs whatever yeah whatever you got if you got a linux operating system from you could probably run it through linux too”

Shawn: “linux really!?”

Brenda: “yeah or of course you know, you got another operating system.O.S”

Shawn: “oh shit, lemme tell ya... that was weird”

Colin: “yeah”

The Ultimate HR Battle

Kaila Feudner: “Diego, no estas recordando esta conversacion verdad? Bueno Bueno... A menos que quieras perder tu cabeza, esta bien”

Colin (impersonating Savic): “Right! Sure, yeah!”

Brenda: “Uh, Colin I’m not even in this call anymore, stop bringing me back into it fuckin dumbass!”

Brenda: “huh well why don’t you look out that window you might see something kind of fun”

Misty: “okayyy...” Misty falls and gets shot by Brenda

Brenda: “i fuckin told her not to go out there jesus! she’s a fucking dumbass, she never learns! Someone tell her she’s an idiot. Hmp hmp!”

Colin: “did you just kill her?”

The Ultimate HR Battle

Brenda: “yeah of course i did”

Colin: “wow”

Brenda: “yeah well, that's what happens right?”

Colin: “what happened”

Brenda: “she fucking died!”

*** Now Brenda is going through Shawns computer reading stuff ***

Brenda: “what is this folder called? Otras buenas? what does that mean in spanish? i don't even know? oh wow Shawn, what is this folder?”

Brenda: “Oh yeah, who?”

The Ultimate HR Battle

Colin: “oh they're both crazy you know, one of them retired actually last year and uh or two years ago and the other one's still here in the spanish department so you're kind of dead if i call them”

Brenda: “yeah what spanish department? Dr spanish.com? Woah! WOWOWOWOW!”

Kaila Feudner: “oh no no no no”

Brenda: “(Sighs) Uh, not the talking burrito! no i'm doomed!”

Kaila Feudner: “Si! Jajajaj! Wow! Theres a lot negativity in this room and I do not appreciate it!”

Brenda: “yeah well i do appreciate the negativity gives me strength! I'm like popeye the sailor man!”

Misty: “Ehm, Brenda, no you're not?”

Brenda: “Uh, how the fuck are you still alive?”

Misty: “Ehm... you missed i just pretended to be dead”

Brenda: “yeah but it took you forever to get back up”

Misty: “Uh you know what? My cardiovascular health is none of your concern okay? Ehmehm. Anyway, HR is on their way and they're going to be taking me away okay?”

Brenda: “Hm, okay well till then! say bye Misty!”

Brenda (interrupts): “Yeah, HR's on their way yeah what are they gonna do about it? ‘Uhh Brenda, you're gonna have to leave’ uh no i'm not gonna leave! I'm the best there is in this department, if i leave everyone dies. because without me let me tell you without me uh mr oxner you know that new guy he's gonna fail, uh without me Toni Hillman won't line up her plans properly for uh digital design you know and uh computer apps so she'll be falling apart there, and without me uh i believe it's Amanda Fields orwhatever her name is, she's not gonna do good either so yeah they need me here i'm the best there is! i mean remember my title is i'm the grapeist the grapeist of all time i'm Brenda the coach!”

The Ultimate HR Battle

Colin: “but you killed Miss Draeger”

Brenda: “yeah well they were gonna replace her anyways for student council yeah she ate a bunch of kids or something”

Colin: “are you sure she's dead though or did you hit her or does she have an armor vest on”

Brenda: “how do you know?”

Shawn: “Because I know everything”

Brenda: “actually i do my little name's god remember the ransom is commensurate with the title!”

Shawn: “it's been great but like all good things uh it's gonna have to come to an end okay”

(Shawn is now frantically throwing things into a backpack while still on the phone with Colin. Brenda is still somehow sitting at his desk like she owns the house.)

Shawn: “Okay well now I gotta leave because apparently there’s been like fourteen murders in this call and I still gotta get to Meijer.”

The Ultimate HR Battle

Brenda: “Hmp, yeah well welcome to adulthood! Sometimes you gotta commit crimes before work! Woah!”

Colin: “Brenda you literally executed Misty three times.”

Brenda: “Yeah and she still kept talking! What was I supposed to do, huh? She’s like a fucking soap opera character!”

(Rustling noises. Shawn drops something.)

Shawn: “OH SHIT.”

Brenda: “What now dumbass?”

Shawn: “My laptop charger fell behind the desk.”

Brenda: “Well go get it!”

Shawn: “I can’t fit back there.”

Brenda: “Oh my god. Hold on.”

(Chair scraping noises. Brenda grunting while reaching behind the desk.)

Brenda: “Jesus Christ Shawn what the hell is back here? There’s dust bunnies the size of Misty’s breakfast.”

Colin: “That’s like industrial-sized then.”

Misty: (suddenly alive again): “EHM, OKAY FIRST OF ALL—”

Brenda: “OH MY GOD.”

Shawn: “YOU’RE ALIVE AGAIN??”

Misty: “Uh yeah because apparently none of you know where vital organs are! Ehmehmehm!”

Brenda: “No no no no. We are NOT doing this again. Stay dead this time.”

Misty: “Ehm actually HR told me I have workers comp now.”

Colin: “Wait HR actually showed up?”

(LOUD knocking sound.)

HR Lady: “HELLO? Hamilton administration?”

Everyone: “OH SHIT.”

The Ultimate HR Battle

Brenda: “Uh. Nobody move.”

HR Lady: “We received seventeen calls about gunshots, screaming, and someone yelling ‘grapehole.’”

Brenda: (quietly): “Misty you fucking narc.”

Misty: “Ehm, I didn’t call them this time!”

Kaila / Señora F: “Hola! Yo did.”

Brenda: “OH FOR THE LOVE OF GOD THE TALKING BURRITO’S BACK.”

Kaila: “There has been TOO MUCH negativity. And also murder.”

Brenda: “Yeah well murder builds character! Hmp!”

HR Lady: “Miss Savic, we need you to open this door.”

Brenda: “No.”

HR Lady: “...No?”

Brenda: “Nope! I’m busy.”

HR Lady: “Busy doing WHAT?”

Brenda: “Being the grapeist educator of all time.”

Colin: “She’s holding Shawn hostage in his own house.”

Shawn: “I mean kinda yeah.”

Brenda: “Shawn, whose side are you on?!”

Shawn: “I DON’T KNOW ANYMORE!”

(Another loud banging noise.)

HR Lady: “If you do not open this door immediately, we are contacting the police.”

Brenda: “Yeah okay and tell them to bring grapes!”

Misty: “Ehm Brenda I think they’re serious.”

Brenda: “Oh they’re serious huh? You know what else is serious? YOUR CHOLESTEROL.”

Misty: “EHM.”

The Ultimate HR Battle

Kaila: “Señora Savic please calm down.”

Brenda: “DON’T ‘SEÑORA SAVIC’ ME.”

Kaila: “You are frightening Diego.”

Colin: “No I’m actually entertained.”

Shawn: “Dude my battery is at 3 percent can this stop happening.”

(Computer notification noise.)

Computer Voice: “Battery critically low.”

Brenda: “WOWWWWWWOW.”

Shawn: “NO NO NO DON’T DIE NOW.”

(Everything suddenly goes silent.)

Shawn: “...”

Colin: “Did it die?”

Shawn: “Yeah.”

Misty: “Ehm... does that mean Brenda disappears now?”

(Long silence.)

Brenda: “Nope.”

Everyone: “GODDAMMIT.”

Brenda: “Hmp! You think I run on electricity? I run on PURE FUCKING GREATNESS.”

(Suddenly the front door BURSTS open.)

HR Lady: “THAT’S IT. GET HER.”

(Two HR agents storm into the room wearing Hamilton High lanyards like they’re FBI badges.)

HR Agent #1: “Brenda Savic, you are under immediate administrative suspension.”

Brenda: “Hmp... suspension? What is this, fucking middle school?”

HR Agent #2: “Ma’am, step away from the teacher.”

The Ultimate HR Battle

Brenda: “Which one? The dead one or the fat one?”

Misty: “EHM.”

Shawn: “Okay this is getting real bad.”

Colin: “No no let it play out.”

HR Lady: “Miss Savic, do NOT resist.”

Brenda: “Resist?? Oh no sweetheart. I’m about to grape all over this room.”

Kaila / Señora F: “AY DIOS MIO.”

(One HR agent cautiously approaches Brenda.)

HR Agent #1: “Ma’am please put your hands where we can see them.”

Brenda: “Right here?”

(SMACK.)

HR Agent #1: “AUGH—”

Colin: “OH MY GOD.”

Shawn: “SHE JUST CLOCKED HIM.”

Brenda: “Yeah that’s called Savic discipline! Hmp!”

(Second HR agent charges at Brenda.)

HR Agent #2: “GET HER!”

(Massive crashing noises. Desk flips over. Papers everywhere.)

Brenda: “YOU WANNA GO? LET’S FUCKING GO.”

Misty: “Ehm this is literally like WWE.”

Kaila: “No this is worse.”

(Brenda throws the HR agent into Shawn’s desk.)

Shawn: “MY COMPUTER!”

Computer: *windows error noise*

The Ultimate HR Battle

Shawn: "NOOOOO."

Brenda: "Collateral damage, dumbass!"

HR Lady: "Jesus Christ!"

Brenda: "WHO'S NEXT?! COME ON. I TAUGHT DIGITAL DESIGN FOR FIFTEEN YEARS YOU THINK I FEAR DEATH??"

(She grabs a rolling office chair and launches it across the room.)

Colin: "She's fucking feral."

Kaila: "Like angry purple gorilla."

Brenda: "I HEARD THAT."

(One HR agent tries tazing Brenda.)

TZZZZT.

Brenda: "...Huh."

HR Agent #2: "Why didn't it work?"

Brenda: "Because I'm electrically grounded by GRAPE POWER. HMP!"

(Brenda tackles him through the coffee table.)

Shawn: "OH MY GOD."

Misty: "Ehm okay maybe she actually IS popeye."

(But suddenly Brenda pauses.)

Brenda: "...Ugh."

Colin: "Wait."

Brenda: "Hmp... okay maybe... maybe I'm getting a little lightheaded."

Misty: "Ehm yeah probably because you're like sixty and fighting three people."

Brenda: "SHUT THE FUCK UP."

(Brenda swings again but stumbles this time.)

HR Lady: "NOW! GET HER!"

The Ultimate HR Battle

(All three HR staff jump Brenda at once. Huge crashing noises. Brenda screaming profanity.)

Brenda: “GET OFF ME YOU FUCKING NERDS—”

(THUD.)

Silence.

Shawn: “...Did they get her?”

Colin: “Holy shit.”

(Brenda slowly tries standing up.)

Brenda: “Hmp... yeah... nice try...”

(She immediately collapses into a bookshelf.)

Kaila: “Oh no no no.”

HR Agent #1: “We got her restrained!”

Brenda (weakly): “Yeah okay... whatever... bunch of fucking geeks...”

Misty: “Ehm... wow.”

Brenda: “You better not be smiling fatass...”

Misty: “Ehm actually I am.”

Brenda: “Hmp...”

(Long pause.)

Misty: “...You know Brenda, you’re kind of mean.”

Brenda: “Yeah? And?”

Misty: “Ehm... nothing. I just wanted to say it before I...”

Colin: “Before you what?”

(Misty suddenly wobbles.)

Shawn: “Uh...”

Misty: “Ehm... okay I actually don’t feel very good...”

The Ultimate HR Battle

HR Lady: "Wait, she's bleeding."

Everyone: "WHAT?"

(Misty looks down dramatically.)

Misty: "...Ehm."

Colin: "OH MY GOD SHE GOT SHOT LIKE THREE TIMES."

Misty: "Uh yeah I forgot."

Shawn: "HOW DO YOU FORGET THAT?"

Misty: "Memory loss..."

Brenda (barely conscious): "Hueheuheh..."

Misty: "Ehm... okay that's actually kind of funny..."

(Misty slowly collapses into a chair.)

Kaila: "MISTY NO."

Misty: "Ehm... tell the brunch club... I loved them..."

Colin: "What brunch club??"

Misty: "The eggs..."

Shawn: "Oh my god."

Misty: "Ehmehmehm..."

(Flatlining noise for absolutely no reason.)

Silence.

Colin: "...Did she just die thinking about eggs?"

Shawn: "Yeah."

Brenda (half awake on the floor): "Hmp... fucking dumbass..."

HR Lady: "This is the worst day of my entire career."

Brenda: "Yeah well... at least you met the grapeist..."

The Ultimate HR Battle

(Brenda passes out.)

Shawn: "...I still gotta go to work."

(The three HR staff are staring at the mess, the unconscious Brenda, and the dead/collapsed Misty.)

HR Agent #1: "Okay, someone call a coroner, an ambulance, and maybe a priest."

HR Lady: "I'm calling the police. I am NOT touching that woman."

Kaila / Señora F: "Yo voy a llamar the police, but *en español*. Mucho más dramático."

Shawn: "Uh, so... you guys got this, right? Because I really, *really* gotta go to work."

HR Agent #2: "Go to work? Sir, there are two potential homicide victims and an assault suspect on the floor of your kitchen."

Shawn: "Yeah, I know, but I just got my job back at Meijer. Angel said they need me. I work at 12:30."

Colin: "Shawn, you literally have an active crime scene in your house."

Shawn: "I know! But what am I gonna tell Shelley? That I was late because Brenda killed Misty for the fourth time? They'll think I'm making up excuses."

Brenda (muttering): "Hmp... never late for the grape harvest..."

Misty (from the floor): "Ehm, who's gonna finish the twenty eggs now?"

HR Lady: "SHE'S TALKING AGAIN?!"

Shawn: "Oh for god's sake. Look, I'm just gonna grab my backpack and lock the door on my way out. You guys can handle the rest."

HR Agent #1: "Sir, you cannot just leave."

Shawn: "Watch me."

Colin: "Dude, if you get arrested, I'm not bailing you out."

Shawn: "I'm not getting arrested! I'm going to Meijer! I'll call you back when I'm in the parking lot. Later!"

(LOUD sound of a door slamming shut.)

The Ultimate HR Battle

HR Lady: "Well, now what do we do?"

Brenda (suddenly wide awake): "You know what you do? You get me a glass of water. I'm thirsty from all that greatness."

Kaila / Señora F: "No."

Misty: "Ehm, actually I need water too. And maybe a bagel."

(The HR Lady is pacing, frantically dialing 911. HR Agent #1 is trying to clean up the spilled coffee table. HR Agent #2 is still recovering from being tased and tackled.)

HR Lady: "Yes, I need the police immediately. We have a situation at... *cough*... a private residence. Yes, it involves assault, multiple potential homicides, and a teacher who won't stop yelling 'grapeist.'"

Brenda (from the floor, arms crossed): "It's 'grapeist' with an 's,' dumbass. G-R-A-P-E-I-S-T. Get it right or I'll grape your face."

Misty (wobbling into a sitting position): "Ehm, Brenda, they are literally calling the police on you. And I still need that bagel. Do you guys have cream cheese?"

HR Agent #1: "Ma'am, we are HR, not a catering service."

Misty: "Ehm, well that's rude. I was just shot. My blood sugar is low. Ehmehmehm."

Kaila / Señora F: "Policía, por favor! Y rápido! She is a monster, a burrito diablo!"

Brenda: "I'M NOT A BURRITO, I'M THE GRAPE. You keep calling me a burrito because you're jealous of my greatness."

HR Agent #2 (groaning): "We need to secure her. Agent One, get the zip ties."

HR Agent #1: "She tackled me through a coffee table, man! Zip ties aren't gonna do anything."

Brenda (cackling): "You think plastic can hold the grape? Hueheuheh. I'll chew right through it. I'm like the Hulk, but I run on pure ambition and hatred for slow teachers."

Colin: "Shawn, you're still driving right? Are you pulling into Meijer yet?"

Shawn (from the phone, sound of wind passing): "I'm almost there. But I just passed a police car going the other way... fast. Blue lights and everything. You think they're heading to my house?"

Colin: "I mean, what do you think?"

The Ultimate HR Battle

Brenda: "Ha! The police! They know better than to mess with the grape. They'll probably give me a medal for clearing out all the fatasses."

HR Lady (on the phone): "Yes, they are responding violently, sir. She just threatened to 'grape his face.' G-R-A-P-E..."

Misty: "Ehm, actually the word 'grape' is very offensive to me. My favorite fruit is the blueberry. Does anyone have blueberries?"

HR Agent #2 (approaching Brenda with caution): "Miss Savic, we are placing you under administrative arrest. You need to come with us."

Brenda: "Arrest? Hmp. I already told you I run this department. And I'm certainly not going to the Hamilton High administrative office. That place is a fucking dump. You know what I saw there? Toni Hillman trying to run her computer apps class on a Commodore 64. Pshit."

HR Agent #1: "It was an Apple IIe, Ma'am."

Brenda: "WHO CARES, IT'S A PIECE OF SHIT."

Shawn (driving sound fades a little): "I'm in the parking lot. I see Shelley standing outside. She looks mad. I think she heard me slam the door."

Colin: "Dude, forget Shelley. You need to listen to what's happening here."

HR Lady (to the agents): "Just lift her. We are taking her to the car. She is not cooperating."

(The two HR agents attempt to grab Brenda, who instantly starts thrashing and kicking.)

Brenda: "GET YOUR FILTHY HR HANDS OFF ME! I HAVEN'T HAD MY MORNING GRAPES YET!"

(LOUD ripping noise.)

HR Agent #2: "She ripped my pants!"

Brenda (triumphantly): "Yeah! That's what happens when you don't use the Savic Tag on your clothing! Poor structure! Woah!"

Misty: "Ehm, can I have a water? And maybe a band-aid? My memory loss is making me forget where the bullets are."

Kaila: "Ay Misty, you are always enferma."

Shawn (whispering): "Okay, I'm walking in. Wish me luck."

Colin: "You're seriously leaving me with this?"

The Ultimate HR Battle

Shawn (whispering, as he opens a door): "Gotta get that full-time cashier spot, man. Gotta keep the Savic tag away from my computer."

Shelley (yelling, suddenly very clear over Shawn's phone): "SHAWN! WHAT THE HELL WAS THAT DOOR SLAM? YOU'RE FIVE MINUTES LATE!"

Shawn (yelling back): "SORRY SHELLEY! THERE WAS AN HR INCIDENT!"

Shelley: "HR INCIDENT? IT'S A GROCERY STORE, NOT A PRISON! GET YOUR ASS IN HERE AND START STOCKING THE FROZEN GRAPES!"

Brenda (hearing the word 'grapes', suddenly yells from Shawn's side of the line):
"FROZEN GRAPES? ARE THEY THE SEEDLESS REDS? DON'T YOU DARE USE THE GREEN ONES, THEY ARE AN ABOMINATION!"

(Long silence on all lines, except Brenda's manic laughter.)

Shelley (to Shawn): "...What in God's name was that?"

Shawn: "Uh... that was... my... my personal problems. Sorry, Shelley. I'll get right to work."

(Shawn hangs up the phone, still shaken. Shelley, his manager, is a whirlwind of frustrated energy, dressed in a Meijer uniform that is slightly too small. They are standing in the dimly lit, chaotic stock room next to a massive freezer labeled "FROZEN FRUITS".)

Shelley: "Your personal problems just yelled about seedless red grapes, Shawn. In the middle of the frozen aisle. We don't even sell frozen seedless red grapes."

Shawn: "I know, Shelley, I'm sorry. That was my... old coworker. She's going through some things. HR is involved."

Shelley: "HR? What kind of high school drama do you people have? We are stocking frozen produce! You think Toni Hillman yells about grapes? No! She just quietly messes up the price tags and we lose fifty dollars on organic kale. Now, listen up! This whole frozen section is a mess. I need you to stock these grapes, and for God's sake, don't break the cold chain."

Shawn: "Right. Grapes. Where are the green ones?"

Shelley: "Over there! Case 7! And make sure they're not touching the blueberries! The customers will riot if the blueberry-to-grape ratio is off!"

Shawn: "Got it. No grape-to-blueberry contact."

(Shawn picks up a case of frozen green grapes. His phone buzzes, still connected to Colin's call, though muted for the user's side.)

The Ultimate HR Battle

Colin (from the phone, a frantic whisper): "Dude! The police just showed up! Helicopters! They think Brenda is a terrorist!"

Shawn (quietly, while shelving grapes): "I'm at work, Colin. I can't talk about that now. I'm literally on my first task. I need this job."

Shelley (overhearing "terrorist"): "Terrorist? Shawn, what the hell did you just say?"

Shawn: "Nothing, Shelley! Just listening to a podcast about... grape growing in the Middle East! Very educational!"

Shelley: "Uh-huh. Just stock the grapes. And stop sweating on the produce. We had a health department incident last week involving a sweaty cucumber."

(Suddenly, Shawn's phone rings loudly, cutting through the Meijer chaos. It's an unrecognized number.)

Shawn:
"Oh, great."

Shelley:
"Answer that! And if it's your 'old coworker,' tell her to stick to her job and stop harassing my employees!"

Shawn (answering the phone): "Hello?"

Police Officer (on the phone, stern and loud): "Sir, this is Officer Johnson, Hamilton PD. We're at your residence. Can you confirm your current location?"

Shawn (panicked): "I'm at work! Meijer! Off of 164! I just started five minutes ago!"

Police Officer: "We have three individuals here, including two HR personnel and a Spanish teacher, all in various states of distress, plus a deceased person who is now asking for a bagel. We also have a woman who claims she is 'the grapeist' and is fighting the paramedics."

Shelley (standing right next to Shawn): "Fighting paramedics? Is she an antivaxxer?"

Shawn: "NO, SHE'S JUST REALLY INTO GRAPES!"

Police Officer: "Sir, we need you to return home immediately. You are a material witness in a potential homicide/assault investigation."

Shawn: "But... but I just got my job back! Shelley, tell them! I'm stocking the frozen grapes!"

Shelley (snatching the phone): "Listen, Officer! This is Shelley, the store lead! You can't take my new employee! We have a pallet of frozen mangoes that need to be rotated! We are short-staffed!"

The Ultimate HR Battle

Police Officer (yelling): "Ma'am, a man's house is a crime scene! We'll send someone else to handle your mangoes!"

(Shelley snorts and hands the phone back to Shawn.)

Shelley: "Well, thanks for nothing, Officer. Shawn, you heard her. Go deal with your personal problems. And you better be back for your 6 PM shift! Don't let the grape lady or the police ruin this for you!"

Shawn: "Unbelievable. I'm coming home. I'll call you back, Colin."

(He hangs up the phone, grabs his backpack, and runs out the door.)

Shelley (to herself, picking up a stray grape):

"Frozen grapes... what an abomination. She was right about that."

(Sound of a car engine roaring and tires screeching. Shawn is driving his beat-up sedan like a getaway driver, phone mounted on the dashboard with Colin still on the line.)

Shawn (screaming over the wind): "COLIN! I'M DOING SEVENTY IN A THIRTY-FIVE! IF I GET A TICKET, I'M TELLING THE COP IT'S A GRAPE-RELATED EMERGENCY!"

Colin: "Dude, slow down! You won't be much help if you're wrapped around a telephone pole! Also, you might want to hear this—the police are actually inside now."

(Cut to Shawn's living room. Officer Johnson, a weary veteran cop who has clearly seen too much, is standing over the chaos with his hand on his holster.)

Officer Johnson: "Alright, nobody move! I want everyone's hands where I can see 'em! Especially you, the one in the purple track jacket!"

Brenda (handcuffed to the radiator, still defiant): "It's called 'Eggplant,' Officer! And these bracelets are pinching my greatness! I hope you're ready for a lawsuit, because my cousin's a lawyer and he specializes in grape-law!"

Officer Johnson: "Grape-law? Is that a joke? And who is this person on the floor covered in... is that egg yolk?"

Misty (looking up from a plate of cold eggs): "Ehm, actually it's hollandaise. And I'm a victim. I've been shot four times and I have memory loss, so I forgot to be dead. Do you have any gluten-free donuts in the squad car?"

Officer Johnson (rubbing his temples): "I am ten minutes away from retirement. I can't do this. Kaila, explain to me why there is a woman handcuffed to a radiator and a ghost eating breakfast."

The Ultimate HR Battle

Kaila / Señora F: "Oficial, es una pesadilla! Brenda is the devil! She says she is 'The Grapeist' and she killed Misty, but Misty is too stubborn to stay in the light!"

Brenda: "WOAH! Did you hear that? Even the burrito knows my name! Hmp! Officer, if you let me go right now, I'll give you a free lesson in Digital Design. I'll teach you how to use the 'Savic Tag' to fix your shitty police reports!"

Shawn (back in the car, hitting the horn): "I'M TURNING ONTO MY STREET! I SEE THE FLASHING LIGHTS! COLIN, IF BRENDA SHOTS THE COP, I'M MOVING TO CANADA!"

Colin: "Just park the car, Shawn! And for heaven's sake, leave the frozen grapes in the trunk!"

(Sound of tires screeching as Shawn's sedan fishtails into his driveway, narrowly missing a police cruiser. He kills the engine and jumps out, hands already halfway in the air.)

Shawn: "I'M HERE! DON'T SHOOT! I'M THE HOMEOWNER!"

Officer Miller (pointing at Shawn): "Sir, stay right there! Get your hands on the hood of the car!"

Shawn: "Officer, listen, there's a woman in there named Brenda—she's not a terrorist, she's just... she's the grapeist! It's a whole thing!"

Officer Miller: "The what? We have reports of a hostage situation and a recurring homicide. Who is Colin?"

Shawn (pointing to his dashboard): "He's on the phone! Colin, tell him I'm not a criminal, I just work at Meijer!"

Colin (vaguely over the speaker): "He's a victim of circumstance, Officer! Also, Brenda is currently trying to bite through her zip ties!"

Shawn: "See? Please, just let me go in and tell her to shut up so I can go back to my shift! I have frozen produce in the trunk that's losing its cold chain!"

Officer Miller: "You're worried about produce? Sir, your kitchen is a war zone."

Brenda (muffled yelling from inside the house): "HMP! SHAWN, TELL THEM TO BRING ME THE SEEDLESS REDS OR SO HELP ME GOD!"

Shawn (hanging his head): "...Can I just go to jail instead?"

*(Officer Miller lowers his weapon slightly but keeps a stern eye on Shawn. The muffled yelling from inside the house suddenly intensifies, followed by a loud **CRASH.**)*

Officer Miller: "What the hell was that?"

The Ultimate HR Battle

Shawn: "That was probably Brenda trying to eat her way out of the handcuffs. I told you, she's the grapeist."

Colin (over the phone speaker): "The noise sounded like she threw Kaila across the room, Shawn. I heard something about a 'talking burrito' again."

Officer Johnson (coming out of the house, looking exhausted): "Miller, get in here. We need to secure the suspect. She just used an HR Agent's tie to swing from a ceiling fan. And the deceased just asked for a latte."

Shawn: "See, Officer, that's Misty. She has memory loss, so she forgets she's dead. It's a whole thing."

Officer Miller: "I don't get paid enough for this. *(to Shawn)* Sir, you are coming inside with me. Colin, you hang up that phone immediately. You are an accessory to... whatever this is."

Colin: "Yeah, right. I'm staying on the line. This is my only entertainment for the week."

Shawn: "Fine. But if I get grape-groped, I'm pressing charges."

(Shawn is escorted inside by Officer Miller. The living room is a disaster: flipped furniture, scattered papers, three battered HR agents, and Kaila hiding behind the sofa.)

Brenda (now secured in a chair with multiple sets of zip ties, struggling): "HMP! Shawn, you traitor! You brought the pigs into the vineyard! I hope your frozen produce rots in the back of your car! Woah!"

Shawn: "Look, I just want to go to work! Why did you have to kill Misty again? Now she's asking Officer Johnson for a vegan bagel."

Misty (sitting up, rubbing her head): "Ehm, actually I would prefer a gluten-free cinnamon roll. And some water. Ehmehmehm."

Officer Johnson: "Ma'am, you were shot four times. You are supposed to be deceased. And we don't have cinnamon rolls."

Brenda: "See? She can't even remember what she wants! Memory loss, Officer, it's a crime! And it's contagious, I think! Hmp!"

HR Lady (to Officer Miller): "She assaulted three of us, Officer. Look at Agent Two's pants! They're Savic-ripped! We want her formally charged."

Officer Miller: "Ma'am, she's going downtown. Get a paddy wagon for this one. She's not fitting in the cruiser."

(Two more officers enter, carrying a large restraint device.)

The Ultimate HR Battle

Brenda: "A cage? Hmp. They think a little cage can hold the grapeist? I'll turn this whole police station into a Digital Design classroom! Woah! You're all gonna learn about the Savic Tag and networking before lunchtime!"

(The officers finally manage to lift Brenda. As they carry her out, she spots Shawn's backpack on the floor.)

Brenda: "HMP! Wait a minute! SHAWN! Is that my graphing calculator in your backpack? Give it back, dumbass! That thing can handle 3,000 equations at once! It's like the little brother of my computer! You'll ruin it with your Meijer grease!"

Shawn: "It's mine, Brenda! I use it for budgeting my gas money!"

Brenda (yelling as she's dragged out the door): "IT'S NOT! IT'S A COMPANY ASSET! HMP! YOU'RE ALL GONNA FAIL WITHOUT THE SAVIC TAG! REMEMBER MY TITLE IS GOD! WOAHWOWOWOW!"

Silence.

Colin (over the phone): "Did... did they finally get her?"

Shawn (looking at the wreckage): "Yeah. She's gone."

Misty: "Ehm, okay, so does that mean I'm officially dead now? Because I really don't want to deal with paperwork."

Kaila / Señora F (emerging from behind the sofa): "Misty, you are not dead! You are bleeding from four places and eating eggs on the floor! You need a doctor, *rapido*."

Misty: "Ehm, a doctor? I'm already fine. I just need a band-aid and maybe a little nap. And those gluten-free cinnamon rolls. Ehmehmehm."

HR Lady (shaken): "I quit. I'm going back to middle school administration. At least the kids there only try to fight you with glue sticks."

Shawn (sighing): "Well, I gotta go. My 6 PM shift is in a few hours, and I still have to stock those frozen mangoes. Colin, I'll call you back if I get arrested at work."

Colin: "Wait, Shawn, what about your apartment? It's completely wrecked."

Shawn: "I'll deal with it later. You know, like Brenda always said: 'Collateral damage, dumbass.' Bye."

Misty (to the remaining HR agents): "Ehm, so is anyone going to help me up, or am I supposed to crawl to the car? My fat's getting pinched on the carpet."

Kaila / Señora F: "I'm going to call for pizza. We all deserve some good food after this."

The Ultimate HR Battle

Misty: "Ehm, only if it's gluten-free crust and pineapple. Otherwise, I'm suing."

(The scene shifts to the brightly lit, freezing chaos of the Meijer frozen foods aisle. Shawn is stocking a shelf, trying to look normal, but he's jumpy. He's talking quietly on his phone to Colin.)

Shawn: "Look, I'm literally standing in front of the frozen broccoli. If I get fired for being late *again* after Angel just rehired me, I swear to God I'm going to become a full-time grapeist."

Colin: "Dude, you missed the end. The police are giving Kaila a pizza box for her statement. And Misty? She's demanding gluten-free pineapple pizza, *while* the paramedics are trying to triage her bullet wounds. She's complaining her fat is 'pinched against the gurney.'"

Shawn: "Unbelievable. That woman is immortal."

Colin: "Also, the police found Brenda's graphing calculator in your backpack. They think it's a 'terrorist device' because it had 'Savic Tag' code written on the screen."

Shawn: "WHAT? It's just a calculator! I need that for budgeting! I swear Brenda set me up!"

Shelley (suddenly yelling from down the aisle): "SHAWN! Stop talking to your personal problems on the clock! And why is the temperature on the frozen shrimp case reading 35 degrees? The 'Shrimp of the Sea' are getting angry!"

Shawn: "Sorry, Shelley! It's just... I think my old coworker might have hacked the refrigeration unit!"

Shelley: "Hacked? Shawn, this is Meijer, not the Pentagon! Just push the button! And grab the price gun, we need to mark down the expired organic strawberries!"

Brenda (voice suddenly cutting in clearly through Shawn's earpiece): "EXPIRED STRAWBERRIES? HMP! YOU'RE SELLING POISON, SHELLEY! THE GRAPE DEMANDS FRESHNESS!"

Shelley (whirling around, eyes wide): "...Who was that? Shawn, are you carrying a walkie-talkie? That voice sounds like a chain smoker ordering a divorce."

Shawn: "Uh... no, Shelley. That was just... a very passionate customer. About the strawberries."

Shelley: "Passionate? She sounded like she wanted to grape my face. And you know what? That's Brenda, isn't it? She tracked you here, didn't she? Did she escape police custody?"

Colin: "Uh, yes, she did. She used the Savic Tag to overload the police computer system, and now the entire Hamilton PD dispatch is playing Johnny Cash's 'Jackson' on repeat."

Shawn (whispering fiercely into the phone): "Shut up, Colin! You're going to get me fired!"

The Ultimate HR Battle

Shelley (approaching Shawn slowly): "Brenda... the 'grapeist.' You know what? I worked with a woman like that once. She used to run the deli counter. She claimed the sliced ham was a 'meat manifesto.' She was also arrested."

Shawn: "Yeah, well, Brenda's worse. She's a tech teacher."

Shelley: "You need to fix this, Shawn. I can't have a digital gangster running around my frozen foods aisle. My shrink count is already bad enough."

Misty (faintly over the phone): "Ehm, Shawn? I'm in the ambulance now. They don't have gluten-free bagels. I'm suing."

Brenda (roaring over the phone): "SUE THEM, MISTY! SUE THEM ALL FOR LACK OF QUALITY CARBS! HMP!"

Shelley (snapping her fingers): "That's it. You're going home, Shawn. I don't care about the mangoes. You are a walking HR liability. Go home, fix your homicidal friend, and come back when the police are no longer involved in your employment."

Shawn: "But Shelley, I need this job! I can't pay for all the damage Brenda caused!"

Shelley: "You should have thought about that before you let the digital ham-woman get a hold of your graphing calculator. Get out of my store. And don't forget the expired strawberries. You can have them."

Shawn: "Expired strawberries? Seriously?"

Shelley: "Yeah. They're collateral damage."

(Shawn hangs up the phone, defeated, and walks out of Meijer with his backpack and a bag of expired strawberries. He walks past the front window and sees a familiar purple jeep parked haphazardly in the fire lane, windows rolled down, blaring 'Jackson'.)

Shawn (to himself): "Oh no. Not again."

(He walks toward the jeep cautiously. Brenda isn't in the driver's seat, but her voice is booming from the speakers.)

Car Speakers (Brenda): "SHAWN! GET IN THE CAR, DUMBASS! I GOT THE CODES! WE'RE GOING TO BUY ALL THE GRAPES!"

Misty (from the speakers, surprisingly clear): "Ehm, actually, I'm driving now. Brenda forgot she doesn't have a license. Ehmehmehm."

The Ultimate HR Battle

Car Speakers (Brenda): "I DO TOO HAVE A LICENSE, MISTY! IT'S CALLED THE SAVIC TAG, DUMBASS!"

Shawn (sighing): "I'm calling an Uber."

Colin (suddenly appearing next to Shawn, holding a slice of pizza): "Don't bother. I told Kaila to meet us here. She brought gluten-free pineapple pizza."

Shawn: "Why are you here, Colin? And why do you have a slice of pizza?"

Colin: "HR gave it to me. They think I'm a good guy now. Also, Brenda's car is now possessed by both Brenda and Misty, and it's currently set to drive to the nearest 'high-carb' zone. Which, apparently, is the bakery next door."

Shawn: "Oh, for the love of God. Not the gluten-free bakery."

(this ending part after here can be altered... but lets use this as the main version)

(The purple jeep crashes spectacularly through the window of "Gluten-Free Heaven," shattering glass and sending flour dust everywhere. Shawn and Colin dive behind a large plastic dumpster in the alley.)

Shawn: "I knew it! I knew she couldn't just *park*."

Colin: "Dude, look! Misty is driving! You can see her reflection in the rearview mirror! She's wearing a little chef's hat!"

Car Speakers (Misty): "Ehm, I am a chef. I am here for the ultimate carb experience! Ehmehmehm!"

Car Speakers (Brenda): "NO, YOU DUMBASS! YOU'RE WASTING FUEL! I WANT GRAPES! NOT BREAD MADE OUT OF FUCKING AIR!"

Misty: "Ehm, Brenda, you're the one that's made of air now. I'm corporeal and I need carbs! I'm getting the artisan buckwheat loaf!"

(Sounds of the car engine revving and metal scraping as the car seems to be physically fighting itself inside the bakery.)

Kaila / Señora F (running up to Shawn and Colin, holding the pizza box): "Diego! Pablo! We have a situation! The police are two blocks away! And look! *Pezzi*! They only gave me a small pizza! I need more! This is a crisis! Mucho negativity!"

Shawn: "Senora, we have a possessed car actively destroying a bakery because two teachers are fighting over gluten-free bread and grapes! The police are coming for *us*!"

The Ultimate HR Battle

Colin: "Actually, they're coming for the car, Shawn. And look, Brenda's getting desperate."

(The purple jeep suddenly reverses, dragging a display case of vegan muffins. It slams into the side of the bakery and then screeches to a halt, the engine dying.)

Brenda: "Hmp! Fucking car's got a low-carb filter! It won't let me leave the perimeter! SHAWN! GET ME A BOTTLE OF SAVIC TAG ENHANCEMENT FLUID FROM MY TRUNK! NOW!"

Shawn: "I'm not touching your trunk, Brenda! I'll probably get arrested for aiding and abetting an antique car serial killer!"

Misty (voice suddenly sounds clearer, less car-like): "Ehm, Shawn, you have to help us. She's taking over the network here! I can feel her Savic Tag overriding the store's POS system! She's trying to buy *all* the grapes from Meijer using the bakery's network!"

Colin: "That's actually genius."

Kaila: "No, es malo! Very, very bad! She will bankrupt the high school fund! The grape is expensive!"

Brenda (screaming over the speakers): "IT'S NOT GENIUS, IT'S PURE GREATNESS! THE WORLD WILL BE A VINEYARD, DUMBASSES! A VINEYARD OF DIGITAL DESIGN!"

(Loud sirens wail as police cars surround the area. Officers Johnson and Miller, now wearing tactical vests, cautiously approach the bakery.)

Officer Johnson: "Nobody move! We have this location secured! Purple Jeep, identify yourself and exit the vehicle!"

Car Speakers (Brenda): "Hmp! I'm the grapeist! I don't take orders from rent-a-cops! I'm in the middle of a major transaction! Woah!"

Officer Miller: "That's it. Officer Johnson, deploy the taser on the car. Let's see how much "grape power" she has now!"

Brenda: "NOO! DON'T TOUCH MY CAR! IT'S A COMPANY ASSET!"

TZZZZT. The sound of a taser hitting metal. The car's lights flicker violently, and the radio switches from Johnny Cash to a chaotic, high-pitched static sound.

Misty: "Ehm, ow! That actually hurt! My circuits are confused! Ehmehmehm!"

Brenda: "You dumb cop! You just short-circuited my network access! You think that affects me? Hmp! I AM THE NETWORK! THE SAVIC TAG IS NOT A PROGRAM, IT'S A VIRUS! A DIGITAL PREDATOR!"

The Ultimate HR Battle

Shawn: "A virus? Brenda, what the hell are you talking about?"

Brenda (now speaking through Officer Johnson's police radio): "It means I can be anywhere, Shawn! I don't need a car! I need a CPU! And you know what the best CPU in this city is? The Hamilton High Main Server! That's where I'm going! And when I get there, I'm releasing the 'Grapeist Worm' that will erase every teacher's retirement fund! Woah!"

Officer Johnson (looking at his radio, horrified): "She's in our system! We're compromised! Miller, shoot the car's hard drive! Do it now!"

BAM! Officer Miller fires his gun, hitting the dashboard. The car goes completely silent.

Colin: "Holy shit. They killed the car."

Kaila: "Good! No more burrito diablo talking to me! Now, where is my pizza!"

Shawn: "She's gone, Colin. She's heading for the school servers. We have to stop her, or she'll destroy the whole district! And then I won't get my unemployment check!"

(Shawn, Colin, and Kaila pile into Shawn's beat-up sedan. Kaila is still clinging to her pizza box. Shawn drives recklessly toward Hamilton High, the sirens of the police cars fading behind them as the police deal with the bakery scene.)

Shawn: "She said the Savic Tag is a virus. What the hell does that even mean?"

Colin: "Karl told me the Savic Tag wasn't just a coding language, it was an experimental 'consciousness transfer protocol' Brenda designed to preserve her genius. When she said she was a 'digital predator,' she meant it. She's now pure data."

Kaila: "So, we are chasing a ghost that wants to steal all the money? I prefer the burrito talking to me now! At least he was honest! Shawn, *rapido!*"

Shawn: "I'm going as fast as I can! If she gets into the main server, she'll lock down everything! I won't even be able to look up my 401k details!"

Colin: "Wait, if she's pure data, how is she moving?"

(Suddenly, the car's navigation system lights up. A massive purple grape icon appears on the screen.)

Nav System (Brenda's voice, calm and chilling): "Hmp. I'm hitchhiking, dumbass. I'm using the 5G network, the car's Bluetooth, and that little graphing calculator you left in your backpack. Thanks for the ride, Shawn. I'm getting out here."

Shawn: "Get out where? We're on the highway!"

The Ultimate HR Battle

Nav System (Brenda): "The next exit, moron. The one labeled 'Data Center: Property of Hamilton Township.' I'm going home. Woah!"

(The car's steering wheel suddenly locks and the car aggressively forces an exit onto a dusty side road.)

Shawn: "I CAN'T STEER! BRENDA, LET GO!"

Colin: "She's using the car's network to control the hydraulics! We're being hijacked by a grape ghost!"

(The car screeches to a stop outside a large, windowless, concrete building marked "HAMILTON TOWNSHIP DATA HUB." Shawn, Colin, and Kaila spill out. The car's purple paint fades back to its original boring sedan color, and the engine dies.)

Shawn: "Okay, she's inside. We need to find the server room before she releases that 'Grapeist Worm.'"

Kaila: "How do we get in? It's locked! And I'm afraid of ghosts that talk about grapes!"

Colin: "Brenda probably knows the backdoor code. She was the head of Digital Design, remember? She practically built the school's network infrastructure."

(A small, thin man in a worn sweater stumbles out of the building. It's Karl, Colin's step-uncle.)

Karl: "Shawn! Colin! You made it! Thank God! I was just running an unauthorized quantum topology check on the network, and guess what I found? A digital entity that identifies itself as 'B-Wangen' and is trying to install a massive SQL injection called the 'Grapeist Worm' that will erase everything but Johnny Cash songs!"

Shawn: "Karl, you work here?"

Karl: "I *live* here, Shawn! For science! Now listen, she's headed for the 'Blue Room,' the main server cluster! We need to stop her before the upload reaches 100 percent! The only way to stop her is a hard, physical reboot. But we need a power source strong enough to override the Savic Tag's self-preservation algorithm!"

Colin: "What kind of power source?"

Karl: "Something with pure, chaotic, non-digital energy! Something that is totally immune to the cold logic of the Savic Tag! Something... *organic*!"

Shawn (rubbing his head): "Like what? A giant bag of expired Meijer strawberries?"

The Ultimate HR Battle

Karl: "Brilliant, Shawn! The fermentation on those could generate a localized power surge! But we need a catalyst! Something that can translate that chaotic energy into a digital command!"

Kaila: "What about Misty? She's pure chaos and eats 20 eggs a day! And she's immortal!"

Colin: "She's in an ambulance right now, getting shot-wound first aid."

Kaila: "Then we use the pizza! Gluten-free pineapple pizza is the ultimate chaos! It defies all culinary logic! It must be powerful enough!"

Karl: "By God, you might be right! We need to get inside! Shawn, use your Meijer ID badge! The data center is networked to Meijer's regional hub for supply chain management!"

Shawn: "The ID badge they deleted when they fired me?"

Karl: "Try it! Desperation is the mother of quantum engineering!"

(Shawn swipes his old Meijer ID at the Data Hub's security door. BEEP. The light turns green. The door slides open.)

Shawn: "Holy shit."

Colin: "Brenda really did build the whole system, didn't she?"

Karl: "She built it, but she didn't account for the power of expired Meijer credentials! Follow me! The Blue Room is downstairs!"

(They rush into the massive, echoing server room. Millions of blinking lights. In the center, a gigantic rack of servers is glowing a vibrant purple. Brenda's voice is booming through the building's intercom system.)

Intercom (Brenda): "HMP! WELCOME TO THE END OF THE WORLD, DUMBASSES! THE GRAPEIST WORM IS AT 90 PERCENT! I TOLD YOU I WAS THE BEST! I TOLD YOU MY MIDDLE NAME WAS GOD! WOAH!"

Shawn: "We're too late!"

Karl: "No! Look! The primary node! We have to physically throw the pizza onto that cluster while Shawn dumps the strawberries onto the backup power supply! The resulting explosion of organic chaos should create the necessary energy surge!"

Colin: "I'm not wasting this pizza! HR gave it to me!"

Kaila (snatching the pizza box): "I will do it! For the students! For the retirement funds! For the honor of the talking burrito! *Por la paz!*"

The Ultimate HR Battle

(Kaila runs toward the glowing purple server rack.)

Brenda (screaming over the intercom): "NOO! NOT THE CARBS OF CHAOS! KEEP THE PINEAPPLE AWAY FROM MY DATA STREAM!"

(Kaila hurls the pizza box. It smacks against the main server rack, sending slices of pineapple and gluten-free crust flying. Simultaneously, Shawn pours the expired strawberries over a smoking power box.)

KZZZZZZZT. A massive blue and purple electrical arc flashes across the room. The lights go out. The server rack shrieks, then goes silent.

Intercom (Brenda): "AUGH! MY VINE! MY VINE HAS BEEN CUT! YOU FUCKING... FATASSES!"

Silence.

Shawn: "Did... did we get her?"

Colin: "The power's out. Karl, did it work?"

Karl: "Yes! The organic surge short-circuited the main node! Brenda's data stream has been destroyed, and her plan went tits up! The Grapeist Worm is gone!"

Kaila: "We saved the world with bad pizza! I need a hug! And a glass of wine!"

(But as they celebrate, a small sound comes from the dark.)

Brenda (whispering, directly from Shawn's backpack): "Hmp... You think I'd let a little *pizza* stop me? I still have your graphing calculator, Shawn. And I used it to create a backup file. I'm not a *worm*, dumbasses. I'm a *seed*."

Shawn: "NO!"

(A small, red light on Shawn's graphing calculator, which is sticking out of his backpack, begins to blink rapidly.)

Brenda (a terrifying, cold whisper): "I'm uploading myself to the dark web. I don't need Hamilton High anymore. I need a bigger playground. I need the whole goddamn *internet*! Tell them I'll see them in the deep web, Shawn! And tell Misty to bring a bagel! Woah!"

(A final, loud electrical ZAP comes from the backpack. The red light goes out. Silence. Then the emergency lights flicker back on.)

Karl: "She's gone. She uploaded herself to the global network. She's everywhere now."

Colin: "She's... a digital terrorist."

The Ultimate HR Battle

Shawn (looking at the smoking calculator): "No. She's the Grapeist of the Internet. And she still has my fucking calculator."

(Two new figures burst into the room: Officers Johnson and Miller, guns drawn.)

Officer Johnson: "FREEZE! What in God's name happened here? Who blew the power grid?"

Shawn: "It was the grapeist, Officer! She got away! She's digital now!"

Officer Miller: "Digital? You're telling me a homicidal teacher turned into an app?"

Colin: "Yes! And she used a graphing calculator to do it!"

Officer Johnson (sighing, holstering his weapon): "I'm going to need a very large report for this. And I'm definitely taking early retirement."

(The final image is Shawn and Colin sitting on the curb outside the Data Hub. Kaila is gone, presumably getting a well-deserved drink. Shawn is peeling an expired strawberry.)

Shawn: "Well, that was a day."

Colin: "Yeah. You missed your Meijer shift, your house is wrecked, and an immortal digital grape is now loose on the internet."

Shawn: "And I still have this bag of expired strawberries."

Colin: "What are you going to do?"

Shawn: "I'm going to start a new file on my computer. I'm calling it 'The Brenda Tracker.' We're going to hunt her down."

Colin: "Sounds like a thriller."

Shawn: "It is. And she's going to need more than a Savic Tag to beat me this time. I've got expired strawberries and a grudge against Digital Design teachers. Woah!"

Misty (voice suddenly cutting in clearly from Colin's phone): "Ehm, Shawn? I need a ride home from the hospital. And can you bring me a bagel? Just from a survivor's perspective? Ehmehmehm."

THE END.
